**歡迎骨科沙惠良醫生、神經外科黃志強醫生、臨床腫瘤科專科饒家棟醫生加入本院**

**Consultant in Orthopaedics &  
Traumatology  
Dr. Sha Wai Leung**

**Consultant in Neurosurgery  
Dr. Wong Chi Keung**

**Specialist in Clinical Oncology  
Dr. Yu Ka Tung**

It is our great pleasure to introduce Dr. Sha Wai Leung, Dr. Wong Chi Keung and Dr. Yu Ka Tung, who are joining us this year. Dr. Sha Wai Leung, who is our consultant in Orthopaedic and Traumatology, has worked as an orthopaedic surgeon for almost 24 years. He aspires to help patients to improve their quality of life with his superb surgical technique and experience. He is particularly experienced in treating hallux valgus and sports related injuries such as ruptured anterior cruciate ligament (ACL) and also performing total knee replacement surgery. He reckons that knee surgeries have become more sophisticated over the years, allowing patients to recover faster and more thoroughly.

New consultant in Neurosurgery - Dr. Wong Chi Keung, who has 34 years of experience in neurosurgery and has always been committed to providing patients with the best available service. He is particularly experienced in surgical treatments for stroke, such as early monitoring and intervention, minimally invasive urokinase intracranial blood clot drainage and intra-arterial thrombectomy. Today, stroke treatment requires very effective teamwork, advance technological resources and medical equipments to achieve best treatment outcome for stroke patients in golden period. Dr. Wong and Dr. Lau Kwok Kwong is currently building an acute stroke team. They hope it will benefit all the citizens of Hong Kong.

New Specialist in Clinical Oncology - Dr. Stanley Ka Tung Yu, previously studied radiotherapy in rectal cancer at the Royal Marsden Hospital (RM) and the Institute of Cancer Research (ICR) in London and was awarded a Doctor of Medicine degree in view of his contributions. Dr. Yu has extensive experience in treating gastrointestinal, lung and breast cancer. He hopes to bring the most advanced, personalized and evidence based treatments to all the oncology patients in HKAH-TW, so that patients and their family members can have peace of mind during the treatment process.

今年，本院榮幸得到骨科沙惠良醫生、神經外科黃志強醫生、臨床腫瘤科專科饒家棟醫生的加入。沙惠良醫生是本院的骨科顧問醫生，他在骨科服務接近 24 年，希望能用精湛的醫術手藝

去幫助病人，改善他們的生活質素。沙醫生尤其擅長治療運動創傷、全關節置換手術，拇趾外翻問題。他展望日後可以用更多時間幫助及照顧每位病人，讓他們踏上康復之路。

神經外科顧問醫生及專科醫生黃志強醫生，在神經外科擁有 34 年的資深專業經驗，一直謹守為患者提供最佳治療的使命。他尤其擅長處理中風的手術治療，例如早期監察、微創尿激酶血塊溶解引流術以及動脈血栓抽吸治療等。黃醫生相信團隊合作、高科技資源及儀器，能幫助病人把握最佳黃金治療機會。他與本院劉國光醫生現正組織急性中風治療團隊，希望幫助更多香港市民。

臨床腫瘤科專科饒家棟醫生，曾在英國皇家馬斯登腫瘤科醫院及英國癌症研究中心鑽研直腸治療，並獲頒授醫學博士文憑。饒醫生尤其對腸胃癌，肺癌及乳癌有豐富的治療經驗，他期望加入荃灣港安後，可以將最新、最個人化及最適合的治療方案帶給港安醫院腫瘤科病人，讓病人及家人於治療過程感到安心及舒適。

### **Hong Kong Adventist Hospital Foundation increases the quota of Breast Health Screening Program to benefit more underprivileged people**

**港安醫院慈善基金「乳健檢查計劃」加推受助名額惠及更多基層婦女**

Breast cancer is one of the most common cancers among women in Hong Kong. According to the Hong Kong Cancer Registry under the Hospital Authority, there were 4108 newly registered cases in 2016 and with one in every 15 women at risk of developing breast cancer. Since 2017, Hong Kong Adventist Hospital Foundation has launched the “Breast Health Screening program”. The objective of the program is to raise the awareness of breast

health among underprivileged women. The Hong Kong Adventist Hospital – Tsuen Wan has been providing free breast cancer screening services provided to eligible women aged over 40. More than 160 underprivileged women have been benefited from the program. Striving to benefit more underprivileged women, we have increased the quota of the program and also partnered with local NGOs to refer eligible women for breast cancer screen tests.

For enquiries, please call (852) 2276 7131 / 2276 7130.

In order to help more underprivileged to receive medical services, you are cordially invited to support our fund via online donation.
