Comprehensive One-Stop Paediatric Services

Hong Kong Adventist Hospital – Tsuen Wan leverages the "Medical Home" concept to provide comprehensive one-stop paediatric services, dedicated to ensuring the healthy growth and development of newborns, children, and adolescents. Our hospital brings together a team of highly experienced paediatric specialists, offers well-equipped paediatric wards and private ward floors, and provides support through nutritionists and rehabilitation services, delivering holistic, professional care for families and children.

Healthcare is not just about treating illnesses. it is a continuous journey of support and compassion alongside families. At HKAH-TW, our professional medical team, state-of-the-art facilities, and comprehensive support services are here to walk with you and witness every step of your child's growth journey.
